

# Marshall County Fire School 2017

September 23rd and 24th  
John Marshall High School

Glen Dale WV

Sponsored by:

Marshall County Fire Association

## Get ready for another great year at Marshall County Fire School!

As we all know, finding quality, affordable fire, rescue, EMS and law enforcement education can be challenging. Marshall County Fire School is ready to accept that challenge with another great year!

**Registration:** All students who submit their registration to us by September 10, 2017 will receive a Free Fire School Shirt. Registration may be completed online at [www.marshallcountyfire.org](http://www.marshallcountyfire.org) or by mailing the attached registration form to; Marshall County Firefighters Assoc., P.O. Box 4, Moundsville, WV 26041

**Any registrations received after September 10, - including those at the door - will receive a shirt based upon availability.**

**General Assembly:** All students, instructors, and staff must be present for General Assembly on Saturday morning- September 23, 2017-for announcements and instruction. Registration will begin at 8:00 am. Opening Ceremony will begin at 9:00am. Classes will begin after opening ceremony. Sunday start time will be the preference of the instructor.

**Refunds:** No refunds will be given unless all three of your choices for a particular day are canceled or full. Second and Third Choices must be selected or you forfeit your option for a refund. All refund requests must be made in writing and submitted via U.S. Mail with your Fire Chief's (or other designee's) signature.

**Meals:** Lunch will be available at the school on Saturday as a fund raiser for local Boy Scout Troop #82. Many local restaurants are located within a short drive from the school. Coffee and donuts will be provided on both days

**Dinner-** There will be a dinner for all students, hosted by the Marshall County Fire Association, on Saturday evening at the Glen Dale Firemen's Hall in Glen Dale, WV. Dinner will be provided by Mason Dixon BBQ.

## Classes for 2017

### **ONE DAY CLASSES:**

#### **Saturday classes:**

#### **101) LANDING ZONE OPERATIONS**

Instructor- Health Net

The purpose of this class is to provide you with information to properly, safely and efficiently select a site for a remote landing zone, perform reconnaissance of that site, properly identify and secure the site and communicate with the flight team to provide for a safe landing and takeoff.

Juniors welcome

Course Price: \$35.00

#### **102) ACTIVE SHOOTER / HOSTILE EVENT (ASHE)**

Instructor- Tim Mossgrove

This one-day course focuses on the emergency responders who respond to everyday incidents in today's culture that seem normal until they arrive on scene. This course will look at past and recent incidents including the terrorist attack on the PULSE nightclub located in Orlando, Florida that show the aggression and violence against the public and first responders. Also, this class will show the importance that Incident Management as it relates to a successful response with the role of Law Enforcement, Fire & EMS and the Dispatcher. This course will also cover the importance of triage, treatment and transport of victims from active shooter incidents so the first responders can operate safely in a volatile environment. Finally, this course will review and how to speak and include the media and manage the incident aftermath and, also, obtain resources for after the incident relating to PTSD and CISD.

Juniors welcome

Course Price: \$35.00

#### **103) American Heart Association Heartsaver CPR/AED/FA**

Instructor- Tony Campbell

This class meets the WV State Fire Commission's requirement for all Fire Fighting personnel and WVOEMS requirement for all EMVO personnel.

Juniors Welcome

### **SUNDAY CLASSES**

#### **104) Department of Forestry's Basic Wildlife Suppression Course**

Instructor- Brent Lyons, Rodger Ozburn, Shaun Kuhn and Rudy Williams

This class will cover such topics as WV Forest Fire Laws, PPE's, Types of Wildfires, Fuels, Fire Weather, Types of Attack, etc. There will be a field exercise at the end of the class.

Juniors welcome

## **105) UNIFIED COMMAND & REGIONAL RESPONSE**

Instructor- Lou Vargo

Major incidents and disasters require the response of many agencies from local, state, Federal agencies along with community partners, public, private, and non-governmental. Some of these incidents include Mass Casualty, Hazardous Materials leaks and spills, train wrecks, bombings, and terrorist events, in addition to natural disasters. During these incidents, the Incident Commander may face not just one incident but several incidents throughout his/her jurisdictions. Several incident command events may be taking place simultaneously and require the activation of a Unified Command System coordinating many response agencies. This course will address expanding the ICS into a Unified Command System.

Also, the course will introduce how fire, EMS, and Law Enforcement will support the functions of the West Virginia Regional Response Team when they are called to assist local responders in handling major Hazardous Materials releases, Weapons of Mass Destruction, Urban Search and Rescue. The Wheeling Fire Department team will demonstrate their response equipment and teach local first responders how they will support the team when called to their jurisdiction.

Course Price: \$35.00

## **106) LANDING ZONE OPERATIONS**

Instructor- Health Net

The purpose of this presentation is to provide you with information to properly, safely and efficiently select a site for a remote landing zone, perform reconnaissance of that site, properly identify and secure the site and communicate with the flight team to provide for a safe landing and takeoff.

Juniors welcome

Course Price \$35.00

## **TWO DAY CLASSES:**

### **201) VEHICLE MACHINERY AND RESCUE LEVEL 2**

Instructor-Lonny Riggs

Prerequisites: Rescue Core, Vehicle Machinery Rescue Level 1      **\*PLEASE NOTE\* If you do not have rescue core, a certificate of participation will be issued from the fire school.**

Vehicle and Machinery Rescue Level II is a course designed to train rescuers in multiple types of vehicles and machinery rescue. This course will meet or exceed NFPA 1006 Chapters 5 & 10.2 requirements. Students will be taught the basic and advanced concepts of Vehicle and Machinery Rescue: scene size up, identifying hazards, stabilization of commercial vehicles and machinery, entry and egress techniques, disentanglement techniques, tool usage, patient packaging and removal and scenario type training. Emphasis will be placed on rescuer and victim safety, proper tool selection and usage and utilizing a multi-step approach to extrication planning.

**FULL TURNOUT GEAR INCLUDING EYE AND HAND PROTECTION REQUIRED**

Class Limit: 20

Course Price \$65.00

## **202) EMERGENCY VEHICLE OPERATIONS COURSE (EVOC)**

Instructor- Harry Galloway

Prerequisites: Must have proof of valid operator's license and be 18 years of age.

This is a combination classroom and practical skills training course on emergency vehicle operations. Safety, legal aspects, inspection and driver responsibilities are covered. Both written and practical examinations are administered. Meets the WV State Fire Commission and State EMS initial driver training requirements and recommendations. The course is designed to meet DOT and NFPA standards. **STUDENTS NEED TO BRING THEIR OWN APPARATUS FOR THE DRIVING PART OF THIS COURSE. This class is approved for EMS CE's and meets the requirement Emergency Medical Vehicle Operator requirement**

Class Limit: 25

Course Price \$65.00

## **203) ROPE RESCUE LEVEL 2 \*This is a 20 hour class\***

Instructor- Rick Brown

Prerequisites- Rescue Core , Rope Rescue Level 1 **\*PLEASE NOTE\* If you do not have rescue core, a certificate of participation will be issued from the fire school.**

Rescue Level 1 proof of certification required. This class focuses on crew leader skills. Hands on training will include complete an assignment while suspended from a rope rescue system. Manage the movement of the victim as a rescuer in a high angle environment. Function as a litter tender in a high angle lowering or hauling operation. Direct a team in the removal of a victim suspended from rope or webbing in a high-angle environment. Direct a team in the construction and operation of a highline system. Access a victim in high angle environment using techniques that require rescuers to climb up or down natural or manmade structures. Isolate and manage potentially harmful energy sources in erected structures. Class will meet for 10 hours on each day. Day 1 will be lecture, day 2 will be hands on.

Course Price: \$65.00

## **204) BASIC JUNIOR FIREFIGHTING**

Instructor-Jerry Shumate

Prerequisite: 16-17 years of age

This hands on course is designed to introduce the new firefighter to the basic fundamentals of fire ground operations or to bring the experienced firefighter "back to the basics." Topics to be covered will include fire suppression, hose line advancement, forcible entry, ground ladder use, victim rescue, and ventilation. This class will be held in a controlled environment using simulated smoke.

**\*ALL STUDENTS ARE REQUIRED TO BE CLEAN SHAVEN FOR CLASS. FULL TURNOUT GEAR AND SCBA WITH SPARE BOTTLE REQUIRED ALL STUDENTS MUST HAVE THE ATTACHED STUDENT REGISTRATION AND JR. FF PERMISSION SLIPS FILLED OUT AND TURNED IN THE FIRST DAY OF CLASS**

Class Limit: 20

Course Price \$65.00

## **205) ADVANCED RAPID INTERVENTION TEAM (RIT)**

Instructor- Patrick SanJulian and Matt Reel

Prerequisites: Firefighter 1, RIT

Students can expect a 2 day class full of hands on intense training. This will be a highly demanding and physical class. (not for the faint of heart) Students will learn several rescue techniques and downed fire fighter skills. A down firefighter can be a highly stressful incident. We will be running several scenarios in an extremely chaotic environment. Students can expect very little class room activity. Students should have prior RIT skills that we will build off of.

Students need to have full PPE with a spare cylinder. All students must be clean shaved for class.

Class Limit: 20

Course Price: \$65.00

## **206) LIVE FIRE TRAINING EVOLUTIONS**

Instructor - Larry Helms

Prerequisites: Firefighter Level 1, 18 years of age

This class is primarily live fire operations to allow crews the ability to experience the realism of fire operations in a secure environment. This challenging class will be full of tactics and operational procedures as well as after-action critiques. All instructors involved are experienced live fire instructors. This class will be held at the Wheeling Fire Department Training Facility. Prerequisites: Firefighter Level 1 or equivalent

**\*STUDENTS ARE REQUIRED TO BE IN GOOD PHYSICAL CONDITION. ALL STUDENTS ARE REQUIRED TO BE CLEAN SHAVEN FOR THIS CLASS. NO EXCEPTIONS. PERSONAL FLASHLIGHT, FULL TURNOUT GEAR, SCBA, AND 2 SPARE BOTTLES ARE REQUIRED**

Course Price \$65.00

## **207) PUMP OPERATIONS**

Instructor- Steve Rogers

This class will start with a short lecture on hydraulic theory and practical in the field friction loss determination. The majority of time will be spent in the field actually flowing water. The following are some of the scenarios the students will complete: Flow multiple handlines of various sizes, suppling master streams, relay pumping and transitioning from tank pressure to hydrant pressure.

Course Price: \$65.00

## **208) RURAL WATER MOVEMENT**

Instructor: Mark Miller

Rural Water Movement is a reality for most Fire Departments in West Virginia. This class is a review and discussion of techniques for supplying water in rural areas. The class will be almost all hands on training with multiple scenarios. This is a good review and practice for veteran firefighters, and an excellent opportunity for firefighters who have not experienced water shuttle operations. Participants must be authorized by their departments to operate any apparatus or equipment provided for use in the class.

Course Price: \$65.00

## **209) ADVANCED MEDICAL LIFE SUPPORT (AMLS)**

Instructor- Anthony McDaniel

NAEMT's **Advanced Medical Life Support (AMLS)** course is the first EMS education program that fully addresses how to best assess and manage the most common medical crises in patients, offering a "think outside the box" methodology. It is for all levels of practitioners with a strong commitment to patient care, including emergency medical technicians, paramedics, nurses, nurse practitioners, physician assistants, nurse anesthetists and physicians.

The course emphasizes the use of scene size-up, history, interactive group discussion on potential treatment strategies, and physical exam to systematically rule out and consider possibilities and probabilities in treating patients' medical crises. The course offers an initial assessment-based approach that progresses to a diagnostic-based approach to quickly develop the best treatment plan.

AMLS is a sixteen-hour, two-day program that consists of interactive lectures, teaching and evaluation stations. The interactive/case based lectures include the following topics: altered mental status and neurologic disorders, respiratory dysfunction, shock, chest discomfort, endocrine, metabolic and environmental disorders, abdominal discomfort, infectious disease, and toxicologic emergencies, hazardous materials and weapons of mass destruction. Teaching stations follow the associated lectures each day.

AMLS is endorsed by the National Association of EMS Physicians (NAEMSP). It is accredited by the Commission on Accreditation for PreHospital Continuing Education (CAPCE) and is recognized by the National Registry of EMTs (NREMT). Students who successfully complete the AMLS course will receive a certificate of completion that is valid for four years.

Class limit: 20

Course Price: \$65.00

## **About our Instructors**

**Jerry Shumate**, Fire Chief City of Weirton FD, RESA Instructor, WVUFSE Instructor

**David Coladonato**, FF Steubenville FD, RESA Student Instructor

**Harry Galloway**- Resa 6 instructor, Paramedic, Squad Captain, and training officer for Limestone EMS

**Larry Helms**- Chief Wheeling FD, RESA 6 Instructor

**Brent Lyons**- a Marshall Co. native. Currently the Landowner Assistance Forester for the Northern Panhandle and have been with the West Virginia Division of Forestry for 30+ years.

**Tony Campbell**- Assistant Chief, Paramedic Wheeling FD, RESA Instructor

**Mark Miller**- Chief of South Morgan Volunteer Fire Department near Berkeley Springs, WV. He is a veteran Public Service Training Instructor specializing in pumps and water movement classes.

**Lonny Riggs**- Training and Safety Officer Hooverson Heights VFD, Follansbee, WV. EMT-B and Former Paramedic Supervisor Brooke County EMS. Brooke County Division of Homeland Security and Emergency Management Support Team. Over 37 years of firefighting experience and 24 years as a fire service instructor. RESA and WVU Fire service Instructor.
